GLOBAL DELEGATES SPEAK

Axel Angeli
Germany

Indiasoft is number one event for matchmaking the software industry between India and the rest of the world.

Y. Nishiyama,
Japan

We expect that Indiasoft exhibition will deepen the use of Japanese companies by raising awareness of the capabilities of Indian software companies.

Patricio Fierro
Chile

For Chilean IT businessmen who have visited the event, it has been a very important reference...

Lorela Chia
Malaysia

I am very impressed to see ESC lead the way in re - imagining the way forward for cross border trade through INDIASOFT.
